

The Storytelling Song

Voice

1 C G F C 5 C G

A joke or a riddle, a story or song,

Am Em 9 F

come share a moment to help us along, to show us some wisdom, to

C F 3 G

help us understand, this life that's so confusing this world that's gone mad. To

13 C G Am

lighten our burdens, to soften our grief, a song or a story to

Em 17 F C

bring us some relief, to show us some sunshine, to help us cry, with-

F G 21

out any stories, we will all soon die. With

C G Am

no sense of meaning on the journey of life, there will be no reason for

25 3 Em F C

effort or strife, no reason for sorrow, no reason for joy, no

F 29 G

reason to live on, no reason to die. So

C G 33 Am

come tell a story, come join in my friend, and all of our stories will

live with- out end, so come tell a sto- ry, come join in the song, and

37 all of our sto- ries will live on and on. So come tell a sto- ry, come

41 join in my friend, and all of our sto- ries will live with- out end, so

45 come tell a sto- ry, come join in the song, and all of our sto- ries will

live on and on!
